

How to Add a Bookmark in Chrome

How to add a bookmark

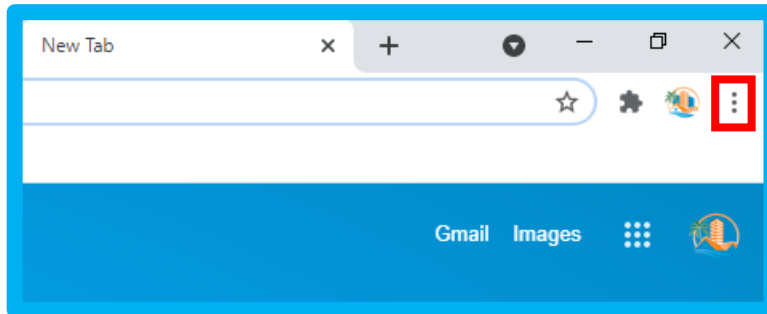

1. Turn on your computer, open Chrome, by clicking the Chrome icon.

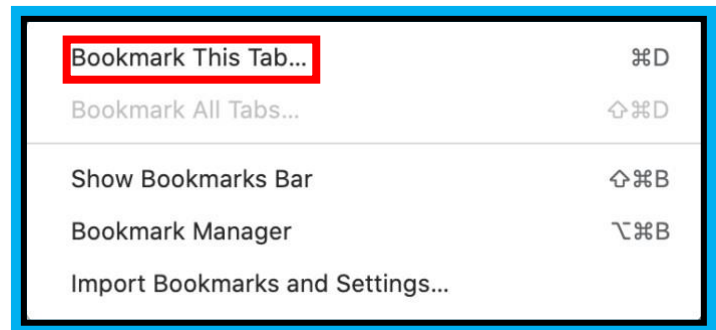

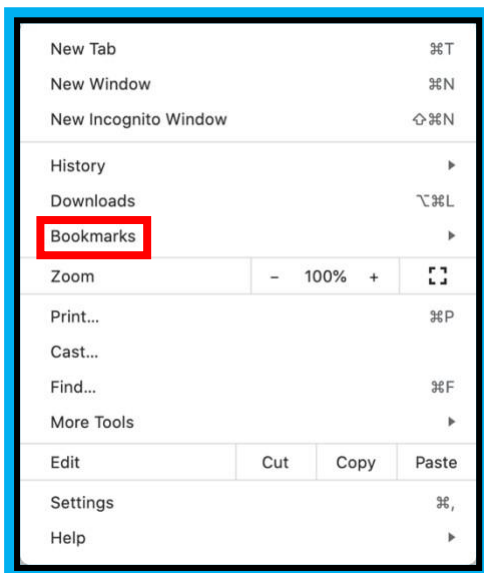

2. Go to the address bar (URL bar) and type in <https://dashboardmls.com>
And hit the enter key on your keyboard.

3. At the top right of the browser window, click the three vertical dots for more menu options.

4. Click 'Bookmarks' and then select 'Bookmark This Tab'.

5. If you choose, you can edit the name of your bookmark. Click the 'Done' button when you are satisfied with the name and saved location of your new bookmark.
(Bookmarks bar is the most convenient choice)
